Hi Chris -

Could you please submit as a rush a search of the 2 sequences bolded and italicized below (the 880-930 fragments)? The search results I received did not include these - I need to finish the case this biweek and need those results since the claimed polymorphism is located in that region.

Thanks a lot, Diana

Please search the following:

SEQ ID NOS 1 and 2 and 30mers thereof
nucleotides 880-930 of SEQ ID NO: 1
nucleotides 880-930 of SEQ ID NO: 2
SEQ ID NOS 7 and 8 and 20mers thereof
SEQ ID NOS 13-16

Thanks.
